A report was made to the group by Mrs. Clarence Spiering on making of cancer pads.

Gifts were given to out-going officers, and also to secret pals. Names of new secret pals for the coming year were given out.

Cards were played for the remainder of the afternoon, and prizes awarded to winners.

The April meeting will be held at the home of Mrs. James VanCura.

Lake Villans Injured In Tuesday Fog Mishap

LAKE VILLA—Two Victory Memorial hospital nurses aides living in Lake Villa were injured Tuesday morning during the fog in an automobile accident on Grand avenue east of U.S. highway 45.

Lake county deputy sheriffs listed them as Mrs. Reatha DeWaters, 49, of route 3, and Mrs. Anna FitzJerrill, 52, of route 4, both of Lake Villa. Deputies said both had broken bones.

Mrs. Gertrude Miller, 25, route 1, driver of the car, also was hurt.

Rivers Rise, Land Floods At Antioch

Fox river was up over its banks near the route 173 bridge west of Antioch, creeks were rising rapidly and at least two Antioch village streets were under water in part Wednesday morning.

Weather Observer Roy Kufalk said Wednesday noon that 53 of an inch of rain had fallen up to 11:30 that day.

The minimum temperature Tuesday night was 44 and the high Tuesday was 66. The temperature at 11:30 a.m. Wednesday was 41.

A drive out along route 173 to the Fox river bridge disclosed water up around some of the summer cottages north of the highway and over lowlands on both sides of the bridge.

Depot street just east of the Soo line tracks and Anita avenue near Depot street had about a foot of water on them, necessitating their being blocked off to vehicle traffic.

The village has set up road blocks on Depot street and Anita avenue with flares to mark them in the dark.

Melting snow and Wednesday morning's rain combined to not only raise streams but also to soften dirt roads. At least one road in the Channel lake area was blocked Wednesday morning by either softness or water over it.

Out at the Fox river bridge on route 173 the water apparently had not reached the levels of earlier this year when some families were evacuated from their homes.

However, looking from the bridge Wednesday morning one could see water surrounding some cottages and at least one car apparently "mauled" by flooding water nearby.

Some large chunks of ice were seen in the river, although some flooded lowlands still contained large sections of ice which hadn't been dislodged.

Levels of lakes nearby were rising and there wasn't a low spot anywhere that didn't have a pool or puddle in its confines.

Open House Planned

The Oakland Grade school PTA is sponsoring a spaghetti supper and open house Monday, April 4. Serving will begin at 5:30 p.m. and continue to 7.

DeKALB—Richard J. Wilson of route 3, Antioch, will be among 71 students at Northern Illinois university who will be honored at a scholastic achievement honors banquet Tuesday, April 5, at Neptune Central diningroom.

The banquet honors students who have maintained a grade average of "B" (2.30) or above for at least the two previous semesters.

\$2,000 in Prizes Offered by News; Workers Needed

(See Pages 12 and 13)

A contest in which no one can lose and everyone will win cash prizes or commissions will open Saturday, April 2, when the Antioch News and the Lake Region News open a trade expansion subscription contest.

Winner of the contest will receive a cash prize of \$500.

In addition there will be a \$300 cash prize for the runner-up and others will receive from \$150 to \$80 in cash.

All entrants will receive at least 20 per cent commission on sales.

Publishers of the two papers, the Gaston Printing Co., said the drive is aimed at broadening the present coverage of the Antioch News and the Lake Region News throughout the territory they serve.

The Antioch paper now covers Antioch, Lake Villa, Lindenhurst, Channel lake, Millburn, Grass Lake area and rural communities nearby.

AREAS COVERED by the Lake Region News include the communities of Silver Lake, Camp Lake, Willow, Trevor, Salem, Paddock Lake, Bristol, Brighton and Paris, all in Kenosha county.

Publishers said the contest is expected to be the most extensive ever held in these communities. Conducting it will be Mrs. Naomi Webb of the Marion Circulation Co. of Marion, Iowa.

She arrived in Antioch late last week and this week has been contacting prospective subscription campaign candidates.

As contest manager, Mrs. Webb will assist candidates in every way possible.

She will be available for contestants until 8 p.m. each day at the Antioch News office. All details will be handled by her.

BOTH NEW and old subscriptions will be included in the contest with a greater credit of points being awarded for new subscriptions. No subscriptions for more than two years will be accepted for the contest.

Each worker will be paid for his or her time and effort on a commission basis so there can be no losers among those who work.

Only a limited number of candidates for the prizes will be accepted as contestants, the publishers said.

Persons who wish to try for prizes must enroll before the quota is filled.

Prizes will be awarded according to a vote standing at the close of the campaign. Full details of this vot-

ing will be found on pages 12 and 13 of this week's paper.

Votes will be tabulated as explained in this advertisement.

ANY MAN or woman may enter the campaign and become a candidate.

There is no entry fee of any kind. Simply fill out the entry blank which will be found in the big ad on pages 12 and 13, sign it and return it to the Antioch News office in Antioch, or to the Lake Region News office in the Anna Tichner building at Silver Lake, Wis.

The campaign will run for a period of four weeks and will be managed by Mrs. Webb.

Further details or information may be obtained by contacting Mrs. Webb or the Antioch News office.

School Band Gains Honor

Antioch Grade school senior band received a first at the district contest held last weekend at the Spaulding school in Gurnee. Members received a 7-7-8 rating, one point from a perfect score.

This entitles the band to go to the state contest to be held at Ashton April 30.

The band is in class D—bands from schools having an enrollment of 400 to 750 students.

Judges were Otto Graham from the Waukegan Township high school, Thomas Richardson from the University of Illinois, and John Beckerman from Vandercook college in Chicago.

This is the sixth contest the band has entered and it has received a first each time.

The junior band will play for the Band Parents meeting, Tuesday, April 5. Parents, guests and friends are invited to attend.

Further plans for the Tropicana, to be held May 14, will be discussed.

Easter Film Scheduled By Evangelical Church

An Easter film entitled "He Lives," will be shown by the Antioch Evangelical Free church at Emmons grade school at 7 p.m., Sunday, April 10.

The film is a story taken from modern life and shows the great significance of Easter and the resurrection of Christ.

The Evangelical Free church holds its services at the Emmons grade school located at Highway 59 and Beach Grove road.

Herbert Cottrell is the pastor.

A warm and sincere welcome is extended to everyone to come out and see this film and visit the services.

7 Evacuated From Home At Felter's Subdivision

CHANNEL LAKE—Parts of Felter's Subdivision looked more like lakes or small ponds and running creeks Wednesday afternoon than home lots.

At least one family had been evacuated from their home.

The Ralph Gustafson family, consisting of Ralph, his wife Ruth and

five children were taken from their residence on Petite avenue in the subdivision Tuesday night.

A ride through the area north of 173 in the subdivision saw roads under water, detours necessary to reach homes, cautious driving to keep a car or truck from being caught in mud.

One large car was stuck over the rear wheel hubcaps in the mud of a main road off route 173 into Felter's Wednesday afternoon. A tow truck would be needed to haul it out.

One visitor to the area trying to find Felter's avenue and knowing only he had to go down Lake drive, wandered around for several minutes before he discovered the only apparent safe route was to go by the shore of Lake Catherine.

It was a long way around, but it appeared to be the safest.

Water was pouring through many home lots. Other homes besides that of Mr. and Mrs. Gustafson appeared to be threatened.

One creek flowing into Lake Catherine was way over its banks and had inundated the small bridge that was over the normal creek bed.

But there wasn't a low spot in the area that didn't have a pool of water.

Some snow was still seen, especially under trees and in other shaded areas, but for the most part at least the people were no longer "snow bound."

DEAR READER News Editorials

An Important Date — April 12, 1960

Any primary election is important, but the primary of April 12, 1960 holds more than the usual importance for the people of Illinois and this community.

Republicans and Democrats should be asking for a ballot on that date.

And if you are one of those citizens who considers himself or herself an "independent", then express your independence within the primary of one of the two major parties.

Three decisions will be made by you in the primary on Tuesday, April 12:

(1) Three candidates are seeking the Democratic nomination for governor — Stephen A. Mitchell, former Democratic national committeeman; Joseph Lohman, present state treasurer, and Otto Kerner, candidate of the state and Chicago organizations.

(2) In the Republican primary there are six candidates for nomination as U.S. senator and two seeking the nomination for governor. As a Republican you should be studying what each man stands for and then pick the best candidate.

The winner in the Republican senatorial contest will face Democratic incumbent Paul Douglas in November.

(3) Both parties will be selecting delegates to their respective national conventions. The primary is the place where presidential candidates are narrowed from a field of many to the final two. The big decision is made in the primary.

All of this means that the primary election on April 12 could in many ways be more important than the general election in November.

You who read this editorial should vote yourselves and encourage your friends and neighbors to do the same.

LINDENHURST — Harold New-year of Venetian Village, Mrs. Georgia Matthies of Lindenhurst and Mrs. Marie Carlton of Venetian Village have been appointed to the P.T.A. nominating committee for the 1960-61 officers of the Lake Villa-Hooper school Parent-Teacher association by Robert McLelland, president.

The auditing committee also was appointed at the March 21 meeting. Members are Leland Hansen of Lindenhurst, Mrs. Joyce McLeod, Lindenhurst, and Mrs. Anita Durling, Venetian Village.

Linda Lance, who was 8 years old March 22, celebrated her birthday Saturday, March 26. She is the daughter of Mr. and Mrs. George Lance of Sprucewood Lane.

Mrs. Lance planned an unusual party for the children. She took Janet and Danny Dirksen, Susie Drago, Marty Golden, Donna Matthies and Doug Sanders to Antioch to the show.

They saw "The Ghost Walks", "The Three Stooges" and some cartoons. While watching the movie each enjoyed a box of popcorn, (what's a movie without popcorn?) and a cup of soda.

Before leaving for the theatre Mrs. Lance took a snapshot of each child and a group picture. When they are developed the children each will receive his or her own picture and one of the group.

After the movie, the children went back to Linda's home where they had more refreshments. Each enjoyed the cream filled cupcake with a candle and candle holder in each one, soda and candy in party baskets.

Linda and her parents want to take this means to thank all her friends for the gifts and thank their parents for allowing them to go. Mrs. Lance said the children behaved very well.

Carolyn Wacaser, 7, of Witchwood Lane, was unable to attend Linda's party due to having the flu, but she sent Linda a gift. Later, Mrs. Lance sent some of the refreshments over for Carolyn, so she, too, could share in Linda's party.

Mr. and Mrs. George Lance celebrated their thirteenth wedding anniversary March 20, by going out

for dinner. Mrs. Lance is the village hairdresser. Congratulations and may you have many, many more happy years together.

Mrs. Margaret Elsner of Fairfield road, village clerk, announces that Lindenhurst vehicle stickers will go on sale Saturday, April 2. She will be in her office on Grand avenue, opposite Engle's office, Saturdays from 2 to 4 p.m., Mondays 9 to 11 a.m. and Wednesdays 6 to 8 p.m. every week until further notice. Avoid the rush, and purchase your sticker early.

The Friday Night Canasta club met at Mrs. Alberta Harag's home on Long Meadow drive, March 25. They meet the last Friday of every month. Members are Mesdames Dorothy Moe, Pat Schart, Georgia Sutherland, Ing Speigler, Pat Verba, Dolores Povilaitis, Ruth Burke, Ida Christensen, Betty Janege and Evelyn Harash.

Dorothy Moe of Hickory drive received first prize. It was a tall, clear glass, burnt orange vase. Ing Speigler received a sectioned pottery dish as her prize for coming in second. Pat Verba won a pair of embroidered "Mr. and Mrs." pillow cases as third prize.

The first organization meeting of the Ivy Cancer league no. 15, took place at the home of Mrs. Grace Slove of Sunset lane, March 24. The officers were named.

Mrs. Grace Slove is the founder and president, Mrs. Viv Fidanzo of Hazelwood Drive, vice-chairman; Mrs. Lou Stanley of Sand Lake road, treasurer; Mrs. Evelyn Majewski of Deerpath road, corresponding and recording secretary.

Mrs. Leona Amore of Grand avenue was appointed ways and means chairman.

The next meeting will be held April 29 at the Village hall. Everyone is invited to attend. This is not only for Lindenhurst residents, but for the whole surrounding area. Meetings are to be held the fourth Friday of every month.

Congratulations to Mr. and Mrs. William Kaub of Burr Oak lane, on their 21st wedding anniversary, March 19. They celebrated at the home of their daughter and her husband, Geri and Donald Evert in

Chicago. They have a son Bill, 15, at home with them.

Mrs. Esther Kaub is a second grade teacher at the B. J. Hooper school in Lindenhurst.

If you see a bright red Falcon driving around Lindenhurst, that will probably be the Bernau family. It was just purchased Sunday afternoon. Now maybe Bill will stop talking cars to his dad. That's all we've heard since the Falcon came out. And no color but red would do.

Diane Gillespie Stanley celebrated her birthday March 27. She is the foster child of Mr. and Mrs. Floyd Stanley. Diane was 7. She has a brother Dennis, who is 6. Also a member of the household is Mrs. Stanley's mother, Mrs. Frances Prohaska.

The Lindenhurst Sportsmen's club held a bowling party at Bertram's Bowling alleys in Waukegan March 19. After the games members and their wives—about 26 persons altogether—spent the evening at Kennedy's in Drue Lake.

FIVE OF A KIND. A quartet of 4-week old pups and their mother are shown in this picture taken Monday afternoon at the home of Mr. and Mrs. John P. Miller of Rte. 39, south of Antioch. The "doghouse" was a busy place for a few minutes while human beings tried to "orange" the pups and their mother for a photograph. The mother and the pups are pure bred Miniature Poodles. Uke Van Doren, the mother, was bred by Doc Metz Nauck of Nurnberg, Germany, and is owned by Mrs. Miller. The pups' father is Snow Ball, owned by Mr. Roy Erickson of Lake Villa. Names of the pups—three males and a female—are CanDee (female), Pierre, Ajos and Sinti. (Antioch News photo)

DEAR EDITOR Your Letters

March 26, 1960

Antioch News,

Antioch, Ill.

Dear Editor:

As general chairman of the recent 53-minute March on Cerebral Palsy, it is my pleasant duty to thank everyone who helped make the drive a success.

First to be mentioned certainly should be our army of volunteer marchers, hard-working neighborhood captains, and conscientious chairmen.

It could not have been done without them. Heading the March in your area was Mrs. Robert T. Lubkemann of Route 4, Box 299, Antioch.

Also deserving of our gratitude are the banks, police officers, and others who were so helpful to our chairmen on the day of the March.

Not to be forgotten was the part your paper played in carrying news about the drive.

Last, but scarcely least, are the thousands of contributors who opened their hearts when the marchers came to the door.

On behalf of the cerebral palsied, who have again been remembered, a very warm "thanks" to all.

Sincerely,

An item of interest to people of the Gavin School district of Grant and Lake Villa townships is the fact that the school bond issue was passed by a large majority.

This means that there will be an additional \$4.70 per \$5,000 assessed valuation on property affected by the bond issue. The money will go for a new school to be erected near Wilson road and Rte. 134.

The school will be known as Gavin South and will be built with an original 10 classrooms with provisions made for expansion.

The Lake County Federation of Improvement associations is sending out to member associations a bulletin telling what the federation has done since its organization last year.

The federation also reports that a meeting will be held at the Ingleside town hall on Sunday afternoon, April 24, at 1:30.

There will be some amending of by-laws to broaden the scope of the federation.

Also, a new delegate will be chosen to take the place of William Raffel of Duck Lake Woods who has resigned his position.

Tax Relief for Lake Countians Sought by Rep. Jack Bairstow

Relief from the "staggering burden of real estate taxes" in Lake county, particularly in that slice of tax melon which supports the public schools, will be sought in the next session of the Illinois General assembly.

Veteran State Rep. Jack E. Bairstow (D-Waukegan) will outline the proposed enactments in talks before various civic organizations in the county before the primary election of April 12.

Basically, Bairstow said, school tax relief for Lake county can be obtained through creation of unit school districts which would reduce the present number of districts in the county.

In 1947 the state legislature started a program to consolidate school districts throughout the state. The device used was a bonus of state aid to unit districts over the amount these districts would receive if they were separate.

IN LAKE county, Bairstow said, creation of unit districts has been stymied by Section 12 of the Revenue Article of the constitution of 1870 which limits the indebtedness of a school district to 5 per cent of the taxable property.

Bairstow cited a hypothetical area, with an assessed valuation of \$20,000,000, in which the high school and grade school boundaries were co-extensive.

He computed what these districts would receive in state school aid under a formula which requires grade and high school districts to apply 54 cents for the qualifying rate, while in the unit districts 87 cents was required.

For the distribution of state funds there are flat grants of \$47 for average daily attendance for high schools.

When this formula was applied, the total state aid to the grade school districts was \$270,000 and to the high school district \$18,000, for a total of \$288,000.

Applying the same formula as a unit district, the same area would receive \$370,000, or a total of \$82,000 more from the state than they would receive as separate districts.

THIS TYPE of relief can be ob-

Scoutmaster Ray Atwood then presented Fred Bolton, den chief of Den 4, with his den chief cord.

TWENTY-NINE service stars were awarded. Service stars go to all who have been in scouting for one year, both cubs and adult leaders. Cub Scouts who received them were Kevin Jarvis, John Bjork, Mike Bolton, Joe Chiuffo, Bill Ganzer, Allen Kriesan, Paul Lulofs, Craig Paterson, Doug Runyard, Tom Runyard, Ted Soby, Guy Trussell, Jimmy Ward, Martin Lulofs and Marty Peters.

Bruce Dieball also had earned a star, but it will be mailed to him, as his family moved away recently. Adult leaders who received stars were Barbara Bjork, Lorraine Lemke, Margaret Runyard, John Runyard, Glenn Dowell, John Eckert, Ann Chiuffo, Grace Ganzer, Jeannette Kriesan, Donald Bjork, Anita Cook, Dolores Eckert and Clarence Jarvis.

Highlight of the evening was the ceremony promoting Kevin Jarvis from Cub Scout to Boy Scout, and presentation of his WeBeLo badge by Scoutmaster Atwood. KEVIN is the first Cub Scout of the Channel Lake Pack to enter Boy Scout Troop 86. He was presented with a scout neckerchief and slide by his den, and Atwood presented him with a neckerchief.

Special 50th anniversary awards were given out. These awards are given only this year. To get them a boy must complete four achievements—sharing (bring a new boy into the pack); service (to school, community, etc.); an advancement badge or arrow, and learn a new sport, such as swimming.

Fiftieth anniversary awards went to John Bjork, Kevin Jarvis and Bill Ganzer.

Assistant Cubmaster Phil Burgdorf collected dimes for the tribute scroll.

SCOUTS and Cub Scouts are collecting a dime from each boy in Scouting, and the adult leaders, for the purpose of erecting a monument in Washington to past, present and future Scouts.

It was announced that the Cub Scout candy sales will start soon. Scouts will also start collecting paper for their paper drive in the near future.

Cub Scouts of Pack 86 were taken on a tour of the sub-chaser, the U. S. S. LaMar on March 27. The boys left the Channel Lake school at 9 A. M.

Soph Cagers Rated Best In Loop at Season End

Antioch high school's sophomore basketball team may not have put out the best win-loss record in the Northwest Suburban conference this past season, but it did come up with the second highest scoring team.

Coach Stuart Good in commenting this week on the season pointed out that the sophas lost their first 7 games but then bounded back to win 7 of their last 12, including 7 of their final 10 conference contests.

Their conference record at the close was 7 wins and 7 losses to place fourth.

Balanced scoring power helped make the local second year youths stronger, Good commented. He named Bob Krieger as top rebounder.

Lack of size overall hurt the sophomores, but it did not hurt their standing in the estimation of their coach. For he said they were the best team in the conference at the end of the season.

"The boys showed tremendous improvement during the season," Good said. "They gained team spirit and the desire to win more and more as the season progressed."

The team shot 37 per cent of their shots from the "field" and averaged 45.4 points per game. That average points per game is considered high for a sophomore team.

Squad members were Bob Griege, Joe Pleviak, Bud Dittman, George Hogan, Harry Carlson, Jim Cain, Bill Ozga, Toby Henry, Ron Gable, Bob Barnstable, Daryl Den-

Begin Signups for 2nd Annual Antioch News Bowling Tourney

Trophy and \$100 To Winner From 128 Who Enter

Local keglers are beginning to line up these days for the big second annual Antioch News bowling tournament to be held at the Antioch Bowl sign.

The top money for the tourney will be \$100 and a handsome trophy, but everyone after the first round will be prize winner. Entry fee is \$5.

The tournament, being held in conjunction with the Antioch News and the Antioch Bowl, will be directed by Jack Sampayo, co-owner of the local lanes.

The prize list is based on an entry total of 128 keglers who roll in the local alleys. Their ABC average will be used in computing their 75 per cent handicap on the basis of composite averages.

DATE OF the tournament start is still to be announced.

Pairings between the 128 keglers will be made on or about the starting date but men interested in taking part may sign up at any time. The tourney will be open to men only.

Sixty-four bowlers will be eliminated in the first round and from that time on keglers will begin winning money.

Thirty-two victors will emerge from second round play and losers

will get \$5 each. Sixteen winners will survive the third round with losers receiving \$7.50 each.

The 16 victors will play off in the fourth round to give the tournament's top eight bowlers. Losers in the fourth round will receive \$10 each.

THE TOP eight then will roll-off with winners advancing to the quarter-finals and losers collecting \$15 each in prize money. In the semi-finals, two bowlers are to move on to the last series and two losers will receive \$20 each.

The final series will net the winner \$100 in top money and the loser will receive \$60.

Three special prizes will be awarded in the roll-offs, to be given to the bowler of the high game with handicap who will receive \$10 and the bowler of the high actual series who will receive \$5.

The second high game with handicap also will be given \$5.

25 Candidates Prepare For ATHS Varsity Baseball

Twenty-five prospective varsity baseball candidates have been working out at Antioch Township high school in preparation for the 1960 season opener against Ela-Vernon on April 12 at Ela-Vernon.

Another 45 youths are seeking positions on the frosh-soph team.

Coaching the varsity this season is Larry Leon and handling the frosh-soph aggregation is Bill Seaman.

The Sequoit varsity will play only Northwest Suburban conference teams this year, according to the schedule released this week.

But in addition they will take part in the Illinois high school district tournament some time about the middle of May.

The varsity schedule:

April 12—At Ela-Vernon.
April 14—Wauconda here.
April 19—At Grant.
April 22—Round Lake here.
April 26—Warren here.
April 29—At Grayslake.
May 6—Ela-Vernon here.
May 10—At Wauconda.
May 13—Grant here.
May 17—At Round Lake.
May 20—At Warren.
May 24—Grayslake here.

The local youth apparently plans to complete his college education before entering any career in professional sports.

Sequoit Cagers to See Famous Quintet

Antioch high varsity basketball players will be guests of Abe Saperstein of the famous Harlem Globetrotters basketball team at the Chicago stadium on Saturday, April 2, when the Trotters play a college all-star quintet.

The Fighting Sequoits will be one of several conference champions in and around Chicago who will be recognized during the game. The players will be introduced to the crowd.

Tickets for the stadium game have been provided by Abe Saperstein Enterprises, promoters of the Globetrotters.

Mrs. Bruce Semoore, sponsor of the squad, said that the squad will elect its captain at a later date.

My Neighbors

County Assessors Announce Policy On Personal Property for 1960

Annual meeting of Lake County assessors held March 23 was a continuation of the adjourned meeting originally slated Dec. 10, 1959, to consider the real estate assessment for 1960 which had to be held prior to the Jan. 1 assessment date.

This is the new date for assessing real property. Personal property, on the other hand, will still be assessed on the April 1 date, the same as it has been.

So the meeting March 23 was to decide the policy for assessment of personal property for the year 1960. Decisions were made on how to assess 17 categories of personal property.

No. 1 was the assessment of automobiles.

The assessment on cars was reduced upon recommendation of a committee from the Lake County Assessors association, the board of review and the supervisor as assessors.

The reduction amounts to 20 percent across the board and coupled with cars assessed as one year older will reduce car values considerably.

No. 2 was busses and trucks which will be assessed by the local

assessor according to his best judgment.

Items 3-4-5-6 are items dealing with livestock, hay and grain. They will be assessed just as last year—the responsibility of the local assessor.

The value changes from last year are included in the farm commodity schedule.

Item 7, which is household furniture and furnishings, has been changed from last year. The combined committees think the revision is downward from the assessed values of 1959, but hope not too far.

As a minimum of 3 per cent where applicable of the assessment of the house—where the value will apply. Here again, the assessor must use his judgment.

Item 8—office Furniture and Fixtures—No change from the assessment of last year except perhaps a recommendation that the assessors review these very carefully.

Item 9—Personal Effects. There was much discussion on whether these properties should be assessed or not—but after taking a vote and receiving the opinion of every township assessor represented (Waukegan the only absentee) it was decided to assess as before. No change contemplated at this time.

Items 10 and 11—Machinery and Merchandise. These items are to be returned by the local assessors at the value as near to last year's final value as possible. Here again, is the responsibility of the township assessors.

Items 12-13-14-16-18. Unchanged from last year. These include cash, credits, stocks and bonds, other personal property, capital stock, foreign and alien insurance companies.

The return on a personal property tax assessment of \$180 will just barely pay for the cost of processing, and so the assessors at the meeting agreed to use a value of \$200 as the minimum assessment.

If a taxpayer's total assessment adds up to less than \$200 he will not be taxed for personal property for 1960.

Any changes effective this year are made not to confuse the public, but to make even and equitable the assessment in all the townships in the county.

The assessors, the board of review, and the supervisor of assessments want to make the assessment the most equal assessment in the history of the county and to improve the equality with each passing year.

KIDS HIDING PLACE

When we take the backs off TV sets we find many things besides electronic parts. Lollipop sticks are in the lead, then comes curlers, burned matches and pieces of string. Sometimes you find small toys shoved in between the openings of the backboard which gives us the clue that the kids feel around back there.

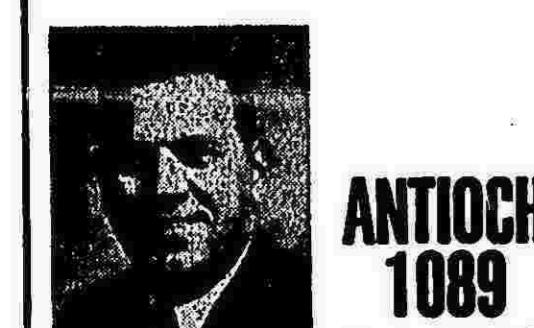

Of course, this doesn't help the TV set, but worse of all, it's a dangerous place for the kids to be.

It's a good idea to clean out a set occasionally, even if it's only dusty. We do this in our shop on all bench maintenance. Phone 821 next time for TV servicing, or, bring your set to ANTIOCH TV at junction of Rte. 59 and Grass Lake Road.

Use Caution in Flying of Kites

Kite flying, a popular sport for centuries, can still be all fun if a few safety rules are observed.

Local kite flying enthusiasts are cautioned to fly their kites away from overhead wires and other electrical installations.

This word of warning comes from Owen A. Fordham, local district superintendent for Commonwealth Edison Company (Public Service company).

In reminding youngsters and their parents of the hazards involved in kite flying, the utility passes on these safety suggestions:

1. Avoid the use of wire, tinsel, or metallic cord in construction of any part of a kite. These materials are electrical conductors and, should they somehow come in contact with an electrical supply, even in the home, could cause a serious accident.
2. Do not climb trees, poles, or

WHAT THEY SAY ABOUT STATE SENATOR

McCLORY

... Bob McClosky deserves re-election to the Illinois Senate, any way you look at it. Senator McClosky has not blindly followed anyone's pressures, including ours. He has, however, always shown a willingness to examine the merchandise, a splendid and intelligent fairness in considering all legislation, and real courage in deciding on the basis of what is best for all of his constituents, not just an articulate minority...

... He is a good public servant, intelligent, industrious and courageous. He amply deserves the support of his constituents, regardless of their walk of life, actually regardless of their politics—for Bob figures the interests of his constituents above the interests of his party any time...

Kerner Asks for 'Responsibility'

TAYLORVILLE — Otto Kerner Monday called for responsibility in politics in an address summarizing and reviewing his own campaign to date.

Kerner, the indorsed Democratic organization candidate for nomination for governor, addressed Christian County Democratic leaders at a luncheon in the Frisina Hotel, Taylorville.

"The time has come for rebuttal of irresponsible statements by other candidates," he said.

"I have been accused of sidestepping issues, of avoiding public discussion of finance, mental welfare, civil rights and the other issues.

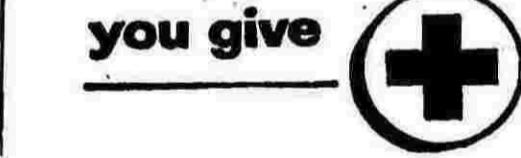

"Nothing can be farther from the

truth. I have made an honest attempt to deal logically with the issues mentioned and others as well."

"I have purposely avoided the irresponsible scare statement, the guilt by inference technique of campaigning.

"The time has come for political candidates to appeal to the intelligence of our listeners rather than to make shoddy attempts to snare headlines in an emotional scare approach to the issues."

Rummage Sale Saturday at Shangri-La

By Mrs. Elmer Joachim
Salem, Wisconsin

LAKE SHANGRI-LA, Wis.—Mrs. William Wayda, Mrs. Noel Elsinger, and Mrs. Errol Schmeling, who are co-chairmen of the St. Scholastica rummage and bake sale this week Saturday, have advised that plans are all shaped up and ready to go.

The event is scheduled for Saturday, April 2, starting at 9 in the morning and running all day. It will be held in the Shangri-La Community center at Lake Shangri-La. This is located between highways 83 and 45 off the Wilmot road.

Turn on county highway C, one mile east of highway 83 and go two miles.

If the enthusiasm for this event is any indication of its success, then those in charge are sure everyone will come away proud and happy to have had a part in it.

St. Scholastica members have many things to be radiant about this week.

As was mentioned in the Lake Region News last week, there is a newly appointed pastor, Father Eugene Bleidorn, who said his first two masses Sunday at this same Community center.

"It seemed good to have the St. Scholastica family back together again under the same roof," parish members commented.

The parish will continue to have this building as its temporary church and masses will be said there at 8 and 10 a. m. with confessions beforehand.

This ambitious congregation is

anxious to share in the task that lies ahead and all will find much pleasure in helping aid the parish's accumulated building fund, leaders stated.

The next affair will be the Mother's day dinner to be held in the Community center on Sunday, May 8.

The men will cook and serve the dinner and generally make "queens" of their mothers and wives on that day.

Those planning to attend this event are asked to make reservations early as the seating capacity of the hall is limited.

Any member of the parish may be contacted for reservations.

For each gallon of fuel you burn in your car, truck or tractor, one gallon of water is formed. To prevent this water from condensing in the crankcase, avoid low-temperature.

SIX-PASSENGER CAR OR STATION SEDAN...CORVAIR IS BOTH!

A wonderfully useful folding seat makes every Corvair two cars in one. Just one quick flip and you increase the luggage and parcel space to 28.3 cubic feet. And just as simply, you're back to comfortable six-passenger capacity. It's standard equipment...and extraordinarily practical.

Corvair does car-pool duty with the biggest and best of them. Going to work or school or out for the evening, you've got a genuine six-seater. As for carting around piles of stuff instead of people, just look at Corvair's station-

sedan load space with the rear seat folded. And when that's full you can start on the trunk.

Corvair, you see, is no ordinary compact car. No others are so versatile, so ingeniously engineered—with independent suspension at all four wheels, an air-cooled rear engine that never needs water or antifreeze. You just can't compare anything else coming out these days with a Corvair. Drive one...soon.
